Dear Moses,

On behalf of the Babies First Program at California Hospital Medical Center, I'd like to thank you for your wonderfully creative product. For some time, we looked for a promotional item that would not only serve our needs, but also those of our patients. With our hospital and program information printed on the mat, The See Me Grow Growth Mat has served as an ingenious promotional item. As for our parents, the mat not only serves as a reference for their baby's growth, but also serves as a changing pad ideal for daily use; washable, reusable, foldable and rollable, the mat allows them to create a clean area for their baby while on the go. This beautiful mat provides cushioned comfort for the baby, a plastic bottom layer preventing moisture from seeping through, as well as a removable Velcro pocket for baby wipes. Our parents are delighted and quite often express how much fun it is to use.

Thank you so much for creating a product that not only serves our company's intentions but those of our families.

Sincerely,

Mildred DeJesus
